

This is the story of my daughter, Stephanie Ann. Stephanie was a normal, healthy 10-year-old who loved babies, gossip, her friends and her family. She was happily and confidently moving through the preteen years toward high school, college, and a world full of choices. All of that changed with a shadow on a x-ray. She had Hodgkins disease, a form of cancer. This story is about Stephanie's strength and courage. It is the story of her battle to live. She fought the good fight. Instead of dwelling on the unfairness of life, she did what she had to do, and she did it with grace and good humor. Stephanie insisted on living her life to the fullest, right up until the day when Mother Nature broke one of her own rules and two parents outlived their child -- which should never happen.
